Who is the Daiichi Sankyo field reimbursement team?

The Daiichi Sankyo field reimbursement team serves as liaisons between providers and AccessCentral4U™. They provide assistance to providers and office staff, on-site, via phone, or virtually.

They are US Health Insurance Portability and Accountability Act (HIPAA) certified and can:

- Provide updates on patient cases
- Follow up on specific cases

The Daiichi Sankyo field reimbursement team can provide:

- Overview of the coverage and reimbursement landscape for Daiichi Sankyo products
- Assistance with enrolling patients in support programs
- Available support for:
 - Benefit investigations
 - Prior authorizations
 - Claims appeals
 - Commercial Co-Pay Program
- Publicly available local and national policies for on-label use of Daiichi Sankyo products
- Personalized support to help connect patients to affordability programs

Any questions about the evolving access and reimbursement landscape?

Your field reimbursement team can provide unbranded education related to:

- Copay accumulators and maximizers
- Exceptions
- J-codes and their role in buy-and-bill reimbursement
- Role of quality in Value-Based Care
- Role of quality in Merit-Based Incentive Payment System
- Medicare Choice Tool
